

# Gorillas and monkeys

**Refrain**

*Gorillas forming **bands**.*

*See monkeys holding hands,*

***Trooping** through the jungle in the rain.*

*Oh yeah!*

*Swinging through the trees,*

*Just doing as we please,*

*Waiting for the sun to shine again.*

## Verse 1

Lumbering around in search of food.

*Swinging around by our tails  
so we don't have to go near the ground.*

Then we have a snooze at noon.

*All of this chittering, chattering, nittering, nattering  
making a sound that's so LOUD!*

Every night we build a brand new nest.

*Finding bananas and tropical fruit  
all so juicy and round.*

Sleep beneath the silv'ry moon.

*Nat'rally naughty we love to play tricks on each other  
for fun and just monkey around!*

**Refrain**

*Gorillas forming **bands**.*

*See monkeys holding hands,*

***Trooping** through the jungle in the rain.*

*Oh yeah!*

*Swinging through the trees,*

*Just doing as we please,*

*Waiting for the sun to shine again.*

## Verse 2

Silver patch of hair shows who's the boss.

*Taking good care of each other  
and seeing to all of our needs*

Gentle hands but mighty chest.

*Grooming and preening and plenty of cleaning  
until we are gleaming and free of all fleas!*

I don't want to fight to stay on top.

*Soothed by the touch of a sister or brother  
we think you'll agree*

Never put me to the test.

*Being a monkey's a wonderful, marvellous,  
glorious riot – it's good to be me!*

## **Refrain**

*Gorillas forming **bands**.*

*See monkeys holding hands,*

***Trooping** through the jungle in the rain.*

*Oh yeah!*

*Swinging through the trees,*

*Just doing as we please,*

*Waiting for the sun to shine again.*
