

Spiders!

Verse 1

SPIDERS!

Spiders live in **clusters**,

And they really don't like dusters,

As they spin their silky web all day.

Spiders have such hairy legs,

They like to live beneath your bed,

Then creep out as you go to sleep.

Refrain

If you close your eyes they'll go away.

If you close your eyes to God and pray.

SPIDERS!

Verse 2

Hairy spiders always scurry,
Faster when they're in a hurry.
How do they know where to go?

Tufty-haired with eyebrows furry,
When they look it's always blurry
Who knows what they really see?

Refrain

If you close your eyes they'll go away.

If you close your eyes to God and pray.

SPIDERS!

Verse 3

Spiders get in ev'rywhere,
They tip-toe slowly through your hair.
Late at night they crawl unseen.

Is that scratchy sound you hear,
A spider nesting in your ear?
Moved in while you had a snooze!

Refrain

If you close your eyes they'll go away.

If you close your eyes to God and pray.

SPIDERS!

Optional coda:

- Spiders are not insects;
- They have eight legs;
- Spiders have blue blood;
- Female spiders are bigger than male spiders.

Optional coda:

- There are 40,000 different species of spider;
- Spiders build a new web every day;
- Spiders have tiny hairs on their legs to help them hear and smell;
- They have eight eyes;

Optional coda:

- Spider silk is five times stronger than a strand of steel;
- Spiders eat 2000 insects a year;
- A Black Widow spider's venom is stronger than a rattlesnake's;
- Arachnophobia is the fear of...SPIDERS!
